

**Connected, actionable data and true athenaPractice integration**

CoachCare leverages built-in athenaPractice workflows that allow practices to enroll and monitor their chronic care patients efficiently without having to learn new systems.

Bidirectional Enrollment by Services	✓
Exchange of Health History	✓
Integrated Discrete Vitals	✓
Escalation Tasks	✓
Compliance Documentation/Integrated Care Summary	✓
Automated Claim Generation	✓

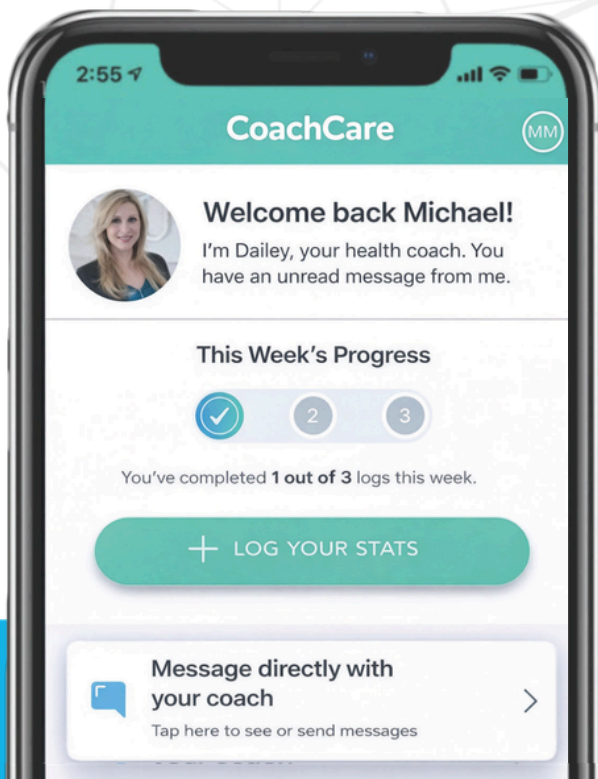

Key to achieving a program that is efficient, effective and sustainable, is creating a seamless, intuitive user experience for the patient and provider, and that's what our integration with athenahealth accomplishes.

Lynn Jazmin, VP of Product

athenaPractice users have access to the uniquely comprehensive features of CoachCare's remote care programs:

- Telephonic patient enrollment
- Dedicated team of health coaches
- Cellular connected devices with real time vitals data
- Automatic claims creation

CoachCare allows programs to get off the ground seamlessly with faster reimbursements – all while living in the athenaPractice environment.

## Integrated Ordering and Enrollment

Through the fully-integrated CoachCare platform, our care teams enroll qualified Medicare patients for the practice, prompted by enrollment flags and trigger ordering by service. Practices can see enrollment status real-time in the existing clinical workflow, and patients begin receiving CCM and RPM services in less than 5 days.
